

NUSTEP T4r RECUMBENT CROSS TRAINERS

EASY TO ACCESS. EASY TO USE.

The NuStep T4r recumbent cross trainer's inclusive design and user-friendly features make it a popular choice in a variety of settings. Now available in two models.

T4r-h

Designed with home users in mind, the T4r-h has a smaller footprint and an economical price point. An ideal option for users who want to exercise in the privacy of their home.

\$3,995

T4r

The T4r offers the same features and functionality as the home model but includes StrideLock®, a unique locking feature for additional stability while accessing the unit.

\$4,695
