

NUSTEP T4r RECUMBENT CROSS TRAINERS

EASY TO ACCESS. EASY TO USE.

The NuStep T4r recumbent cross trainer's inclusive design and user-friendly features make it a popular choice in a variety of settings. Now available in two models.

T4r-h

With its smaller footprint and economical price point, the T4r-h delivers a total-body workout ideal for users of virtually any fitness level or functional ability.

\$4,295

T4r

The T4r offers the same features and functionality as the T4r-h but adds StrideLock®, a stability feature that locks the handles and pedals to prevent movement while accessing the unit.

\$4,895
